DR. S. RANGASWAMI IYENGAR

"DIABETES SPECIALIST.

RARE AND INVALUABLE SERVICE FOR THE CURE OF "DIABETES."

After a short visit to the Madras Presidency on professional work, Dr. S. RANGASWAMI IYENGAR, the well-known Diabetes Specialist, has RETURNED TO BOMBAY and will be glad to treat "DIABETES" suffering patients.

During the short stay he has made here before he has treated and has completely cured many persons of whom the following are a few:—

K. VALAD BADRIDAS, a Cotton Merchant, Bombay, writes:—

"It gives me great pleasure in testifying to the real efficacy of Dr. S. R. Iyengar's medicinal drugs. I was suffering from "Diabetes" for the last 12 years—Commenced Dr. Iyengar's treatment—my urine was examined by the Bombay Municipal Analyst, the Specific Gravity was 1037 and sugar 5·62 per cent. After treatment, the Administration of the same Municipal Analyst; and Dr. N. H. Clubwala, M.D., B. Hy. (Bombay), at Dr. Masina Hospital, Pathological Laboratory 'Sugar was found nil' and Specific Gravity 1013".

Mr. BHAILAL V. KOTHARI, B.A., LL.B., Vakil, High Court, Bombay, writes:—

"It gives me great and sincere pleasure in testifying to the real efficacy of Dr. S. R. Iyengars medical drugs. I was suffering from Diabetes for over 4 years and had tried many well-known doctors of Bombay but without effect. I then put myself under the treatment of the said Doctor Iyengar and he prescribed a course of 7 complete weeks for me. As each week progressed the disease that could not at all be controlled before, began to abate with the result that I was completely cured at the end of the course, in such a marvellous way that I can very well say that Dr. Iyengar is not a diabetes specialist in name but a specialist indeed in reality. My Sp. Gr. which was 1058 in the begining of the course came down to 1015 at the end and grains of sugar per ounce of urine fell down from 24 to nil, while sentiments were not at all visible.

PURELY VEGETABLE

Dr. Morse's Indian Root Pills are a purely vegetable preparation, carefully compounded, with the ingredients in such quantities and proportions that makes them unexcelled as a remedy for all Stomach and Liver Troubles. There need be no fear on the part of anyone who has ever used this remedy that they are taking mineral poison into their system unawares. Under the various Pure Food and Drugs Acts in force in different countries of the World, a Guarantee is given by the Proprietors that no such poison is used, and Dr. Morse's Indian Root Pills can be taken with absolute confidence that they are, as claimed, PURELY VEGETABLE.

Some people are always sceptical about a Proprietary Medicine, but does it not stand to reason that it costs as much for machinery and labor to produce a poor pill as a good one? In one case satisfaction is given because the article is good, and in the other, dissatisfaction because it is valueless. Dr. Morse's Indian Root Pills are a good Pill in every sense of the word, a fact that is abundantly proved by the thousands who continue to use them, year after year, as their sole remedy for all the Little Ills of Life. They are prepared under the best possible conditions, and there is no better Pill made in this or any other country for Biliousness, Constipation, Liver and Kidney Troubles, etc. The care taken in the production of these Pills is illustrated by the manner in which they are packed. Instead of being put up in cheap wooden boxes—that absorb poisonous and other substances—they are packed in glass bottles at a cost of five or six times that of wooden boxes. The extra cost is more than made up in the satisfaction of knowing that the Pills reach the public just as they left the laboratory, unaffected by moisture or climatic changes, and free from contamination by contact with foreign matter. DR. MORSE'S INDIAN ROOT PILLS are a purely vegetable sugar-coated medicinal preparation, carefully compounded by experts, and are manufactured on the premises under the direct supervision of the Proprietors.

Sold by all Chemists and Stores generally at 1.30 per bottle, or six bottles for R5.00, or will be forwarded on receipt of price by The W. H. Comstock Co., Ltd., 21 Farringdon Avenue, London. Sole Proprietors.

Royal Yakuti.

This Yakuti or life giving nearer has been prepared from the best, choicest and richest vegetable drugs. This valuable medicine is used in large quantities not only by our Rajas, Maharajas, Nawabs and many of the nobility, aristocracy and gentry in this Country; but it is greatly patronized by people in all countries of Europe, America, Asia and Africa. It is needless to expatiate upon magical qualities of this our invaluable medicine. We recommend it especially to those persons who desire to tone the nervous system, to strengthen the body, refresh the memory, and to guard against debility. Suffice it to say that the use of this medicine is recommended to those who have any faith in the Ayurvedic medicines. It works like a charm and the effect is lastnig. It replaces lost power and rejuvenates the emaciated and it is enough to say that musk is not that which a perfumer admires. It is that which diffuses fragrance of its own accord. TO-DAY'S RACES.

SELECTIONS BY "NEMO."

LOVE GLASS can add another bracket to his list in the Newmarket Plate, CHRISTMAS HOLIDAY and POIGNANT should be in the picture.

ANTHRACITE has been favourably treated in the Kempton Park Plate and looks invincible. CYANITE and TREASURY are two certain places.

MOSSLEY is in fine form and should like the distance of the St. Leonard's Handicap, LE VERGUIER and ATROCITY will be thereabouts.

FOOTMAN has come into this class by default, if he cannot win the Queensland Plate, then he ought to be pensioned; MY PATSEY and KALOOLAH are sound place investments.

TIPPERARY is a proved stayer and the Sion Plate will suit him to a nicety, FURY and CHIEFTAIN will be knocking at the door.

MIKADO piloted by Huxley will be hard to beat in the 1st Division of the Mosul Plate; TRAFALGAR and TANTALUS are two good places.

TELEPHONE, PARAGON and MONARCH are the three best candidates in the 2nd Division of the Mosul Plate.

ATLAS, TYRANT and PATRIOT are three reliable griffins in the 3rd Division of the Mosul Plate.

CRICKET IN AJMER

B. B. & C. I. RY. vs. BISSET INSTITUTE

Having won their first match against the Mayo College team in December last, the B. B. and C. I. Ry. team gained another brilliant victory over the Bisset Institute C.C. in connection with the Colvin Shield Cricket Tournament on the 8th January defeating them by 94 runs. The match was played on 7th and 8th and was well attended.

Messrs. Mazher Ali and Claudius were the to scorers for the B. B. and C. I., the former had 53 (not out) and 51 for the Bisset Institute, S. A. Aziz, (the Quadrangular player) was able to do justice with the bat, having 24 and 42 respectively. Mirza Wahiuddin Beg held the bowling honors for both days for the B.B. and C.I. Ry. team taking 8 wickets for 15 runs on the 1st innings and again 8 wickets for 46 runs in the 2nd innings. Messrs Kshen Sarup and Claudius are perhaps the smartest fielders the railwaymen have.

The return fixture between the above teams is to be played on 14th and 15th Jan. 1921 on the Bisset Institute ground in connection with the same tournament.

SCORES.

Bisset Institute 1st innings 58, 2nd innings 149, total 207.

B. B. and C. I Ry. team 1st innings 167, 2nd innings 134, total 301.

HOCKEY IN POONA

POONA UNITED V. 2ND LINCOLUSHIRE REGIMENT.

(From our Own Correspondent.)

POONA, Jan. 13.

The Poona United who, it will be remembered, were one of the Agan Khan semi-finalists last season, opened their season here on Wednesday when they met and easily defeated the Lincolns on the Poona Gymkhana ground by 9 goals to 2. Scoring twice in the first three minutes, the Uniteds kept up a steady attack, and at half time led by 5 to 1. The second half was a repetition of the first, and the Uniteds again had matters more or less their own way. The Lincolns' defence was powerless against the United's attack, who added four more goals in this half while the Lincolns got through once. Had it not been for the smart play of the Lincolns, the "Coolie" of the Uniteds would have scored as many again. It was a clean, sporting game throughout.

AT THE EXCELSIOR

CASTLE IN SPAIN.

Last night "Castles in Spain" was given by the Banvard players. There is hardly anything of a material plot in it. There is a house agent's office where different people go to hire flats and houses. Some of them are to have a Castle in Spain—far away on an island, of course—and they get it in the end. The curtain representing the Castle in Spain though fine, is most disappointing. Instead of a gothic looking castle, we see a Renaissance garden ending in a Roman temple. The singing was good as usual. Miss Viola Williams, sang "Castle in Spain" with not only charm but power. Miss May Rawlinson sang "Dardanella" with her usual vocal talents and Mr. Leonard Neville was a treat as ever both as a singer as well as a dancer. There was much to laugh at in the dialogues and actions, and there was something to admire in the dresses of the actresses. Altogether the audience passed a pleasant evening On Sunday the Banvard players will give their final performance here. Then for a week, until the Eastern Tours Limited begins its season, there will be rest for th etheatregoers except on Tuesday and Wednesday when the Church Pageant and the tableaux, in aid of the Ahmednagar Famine Fund will be given, and which, I have no doubt, will be most interesting and artistic.

MILL STORES.

A quieter tone prevailed in Healds and Reeds. The volume of business transacted in the last week was rather poor, owing to absence of demand from local and mofussil mills. Among wooden loom sundries, weft and Conical Firin 5" kept in demand. There is a scarcity of 5" varnished conical Pirri as a result of which the price has gone up to Rs. 11 and upwards. English Wilson Conical Pirri 5' are ruling very high the rate quoted being nearly Rs. 30; Japanese slubbings largely changed hands, the value keeping firm at Rs. 48; Rowings varied between Rs. 40 and Rs. 42 per gross. Picking Bands had rather poor demand, the price being nearly Rs. 2-10 per lb. The quotations from Home for Hairy bands are nearly 4 shillings. Pickers fluctuate between Rs. 60 and Rs. 80 as per quality. The rates are as follows:—

Healds—Rs. 3; Reeds—As. 5; Picking Bands (hairy)—Rs. 2-10; Pickers No. 4 (English)—Rs. 65 to Rs. 80; Pickers No. 4 (country) Rs. 55; Roller-skins 26" by 22" (English)—Rs. 90 to Rs. 100 Roller-cloth (K)—Rs. 7 to Rs. 8; cleaner cloth (K)—Rs. 7 to Rs. 8; Slubbings (English)—Rs. 90; Japanese Slubbings—Rs. 50; Conical Pirri 5' Rs. 12

CHEMICALS.

The tone of the local market is firm, however, signs of weakness from England are evident. Germany has entered in the field of competition, and magnesium chloride has been largely imported recently. The quotations are as follows:—

Farina—K—Rs. 21.
Sago—Rs. 13.
Maize starch—Rs. 30.
Rice starch—Rs. 35.
Dextrine—Rs. 33.
Epsom Salt—Rs. 12.
Sodium—Rs. 45.
Zinc dust—Rs. 60.
Zinc Chlori.—Rs 42.
Mrg. Chlori.—Rs. 14.
Bich. Soda—Rs. 125.
Bich. Potash—Rs. 140.
Aniline Salt—Rs. 1-10.
Sulph. acid.—Rs. 17.
Tannic—Rs. 2-8.
Cop. Sulp.—Rs. 25.
Caustic Soda—Rs. 35.
Bleaching—Rs. 30.

MUNICIPAL EMPLOYEES AND PRIVATE WORKS.

CLEANSING OF STABLES.

A meeting of the Municipal Corporation was held yesterday, Mr. V. A. Dabholkar presiding. The items discussed on Friday were not of great importance or interest, and the discussion was rather dull. The Corporation on the recommendation of the Commissioner made the Health Department responsible for all the cleansing operations in the city. The Corporation approved of the Commissioner's recommendations that Municipal employees might take up honorary work, or trade, provided it did not clash with the interests of the Municipality.

WORK OF CLEANSING CITY.

The Corporation considered a letter from the Municipal Commissioner regarding the cleansing of the city. The Health Department and the Drainage Department were now responsible for the cleansing work in their own spheres. The Commissioner had now decided to give the Health Department the full responsibility for all the cleansing operations in the city.

NEED FOR INCINERATOR.

Dr. Master moved that the letter be recorded. After it was seconded Mr. Cowasji Jehangir said that the mere shifting of responsibility from one department to another would not improve matters They must have an incinerator to destroy all dirt in the city and unless they had that they would not be able to do anything.

After some other members had spoken the motion was agreed to.

MUNICIPAL EMPLOYEES AND LEISURE TIME WORK.

The Corporation then considered the report from the Commissioner regarding the question as to whether Municipal employes should or should not be allowed to take up any honorary work or trade which would interfere with their work. The Commissioner said that he and the Deputy Commissioner and many of the officers of the Municipality were doing a great deal of work for the good of the public. He added:—

The scale of salaries fixed for public servants is intended to meet normal cases only and it is obvious that where domestic circumstances are for any reason or for any time abnormal, a Municipal servant if entirely precluded from earning additional sums would reach a financial position which might be dangerous to the body that employed him. Further, provided such outside employment does not impair the efficiency of the servant for his proper duties it is actually in the interest of the Corporation that he should occupy his spare time, if any, in gaining experience and practice in whatever branch he may be most proficient.

From inquiries I have made I find that various Municipal servants have done or are doing paid work outside their ordinary duties and outside office hours. For example, some peons have earned money by delivering newspapers in the early mornings. Clerks have done so by writing or typing letters or giving private tuition before or after office hours. In some cases also they have undertaken to keep the accounts of private persons or public or semi-public Bodies or Associations and have earned remuneration thereby. Veterinary officers have earned money by giving certificates as to the soundness or otherwise of animals brought to them for examination. Draftsmen and Engineers have prepared plans for building associations and even for private persons.

CIRCULAR ADOPTED.

The Commissioner had accordinvly prepared a circular on the principles laid down above for the information of the staff.

On the motion of Dr. Sukhia the Commissioners' letter was recorded and the circular adopted.

TENEMENTS FOR MIDDLE CLASSES.

Dr. D. B. Master moved:—

"That the Corporation are of opinion that the Improvement Trust should now make an early begining for the provision of two-room tenements for the accommodation of lower middle classes such as clerks, school masters, etc., as Government have now undertaken to provide 50,000 one-room tenements for the working classes.

"That the President be requested to forward the Resolution to the Chairman of the Improvement Trust.'

The motion was adopted.

Dr. Master moved:—

"That the Municipal Commissioner be requested to report whether it is desirable, in the interests of the health of the City, to remove all litter and dung from all milch cattle and victoria stables through municipal agency, charging the owners a reasonable fee per each animal for the service thus rendered, and if so, what the reasonable charge should be per each animal.'

They received constant complaints said Dr. Master. from the public about the nuisance, and it was better in the interests of the city for the Municipality to remove the litter.

Dr. Jehangir Cursetji seconded.

Mr. M. M. Kamdar wished the bullock or *khatura* (country carts) stables to be also included.

Dr. Master agreed, and the motion was passed.

CLEANSING THE ANGEAN STABLES.

Dr. Master then moved:

"That the Municipal Commissioner be requested to report whether it is desirable to acquire all victoria stables in the City and put them in a thoroughly sanitary condition in the interests of the public for future use, and if so, what the probable cost would be of acquiring and putting them in a sanitary condition."

He said unles the Municipality took charge of the stables there could be no improvement. Many things had to be looked after and it could only be done by the Municipality.

Dr. Cursetji seconded and the proposition was carried.

The Corporation then adjourned.

The mail steamer Kaisar-I-Hind which left London on the 31st ultimo and has on board the Mails of the 6th instant arrived at Port Said on Wednesday the 12th instant.

BOMBAY AMUSEMENTS.

BANVARD'S GOOD-BYE

This week-end the Banvard Company bids Bombay good-bye, the only remaining performances being to-night and to-morrow afternoon. Then on Monday, Tuesday and Wednesday there is the Church Pageant; for the remainder of the week the same cinema programme will be presented as is being shown at the matinees; the following Monday will witness the opening of the Royal Opera Company in "Les Cloches de Corneville," to be followed by the presentation of "Dorothy" on Thursday, and looming in the distance there are anticipations of "The Dollar Princess," for which the newly formed and very active Bombay Amateur Dramatic Society is now busily rehearsing.

THE EXCELSIOR.

The principal cinema film which is being shown at the Excelsior features one of America's best known actresses in Ethel Barrymore. She is appearing in a film called "The Divorce," an adaptation of Somerset Maughan's successful stage play "Lady Frederick." This is a film which depicts the heartlessness of social life in which wealth and position dominate every other consideration, causing unhappiness and jealousy, envy and intrigue. It is in the role of Lady Frederick the beautiful young woman who sacrifices her happiness and later her reputation, for the sake of her family that Miss Barrymore is supreme. Her acting is marked by strong emotion and deep sympathy, and in the romantic scenes her charm and personality make a strong appeal. The Indian Grand National race is also being filmed at this theatre.

THE EMPRESS.

So successful has been the presentation of the Indian film, "Nala and Damayanti" at the Empress Theatre that the decision has been made to continue it for another week. The Indian film appears to be the kind of film which is most popular at this theatre, which has rarely done better business and the interest which the first of the Madan dramatic productions has aroused has been very general. It is understood that others of the Indian dramas which are in course of preparation by this syndicate are well under weigh, and that the second of the series will be released very shortly.

THE EMPIRE.

The programme here includes an exhibition of a film taken at the Nagpur Congress which shows scenes around the Congress pandal and gives glimpses of many of the Congress leeders. "One Hour before Dawn" is a five part drama which is said to be one of the most baffling and thrilling mystery stories that has ever been presented on the screen. This production presents a popular star in the role of a writer who entertains views antagonistic to hypnotism. He is dared into being hypnotised. Morning dis closed the murder and there commences the mystery. The picture certainly lacks solution and offers a deal of incident and suspense. Mr. Warner is described as a splendid type for the part he portrays, and his support includes Miss Anna Q. Nilsson. The picture is an adaptation by Fred Myton of Mansfield Scott's story. "Behind the Red Curtain."

CINEMA PRECIOUS.

Eddie Polo the popular Hero of the screen, is the centre of attraction at present at the Cinema Precious. The New Universal Serial "The Vanishing Dagger" is very nice. The Third week commences to-night and the incidents arrated are thrilling.

GLOBE CINEMA.

The management are commencing the Third week of their animal serial "The Lost City" Juanita Hansen, together with Richard Cheesbr's carries the spectators away with her, when she encounters great dangers with beasts of the jungle. As Princes of "The Lost City" she is fleeing from her persecuting enemies and when she just escapes from the frying-pan, she invariably finds herself in the fire. The serial enters its Third Week—but the incidents narrated are so lucidly and independently arranged than the story is easily followed even at the stage.

WEST-END CINEMA.

The management are presenting this week a screen story of the Social Life of To-day. The Photoplay is entitled the "Snow in the Desert." William B. Jackson is a hard materialist and believes in nothing that does not spell dupees annas and pies. He is called the "Lion Tamer." The Stock Exchange wince at his knitted eyebrows. Jackson is incapable of understanding the soul of a woman cannot have a soul—need not have one. She is, according to him just that species of a six-and-a-half per cent. security or a limited company share that could be purchased as an investment either at premium, par or discount! But at last he meets a girl "worth fighting for."

The Organising Secretary will submit a progressive scheme of Taxi-ownership on "Cooperative Philanthropic System" for the benefit of the would-be Taxi-owners. THE BOMBAY CHRONICLE.
Saturday, January 15, 1921.

THE NEW MENACE.

A question of tremendous constitutional importance—having far-reaching effects on the rights and liberties of India—is being settled in London without receiving that careful attention, in this country, which it deserves. We refer to the new orientation of what is vaguely known as "Dominion Status," of which the reorganisation of the Colonial Office is only a minor symptom. It is unfortunate that the final settlement of the constitutional relations of the Empire—the "White Empire"—is taking place without the claim of India being duly considered or vigorously pressed. In view, however, of what is happening, we, in this country, should no longer remain merely as passive observers of these changes or mildly protest against them, if we are not to mortgage our rights and our resources for the aggrandisement of the "White" section of the Empire. In order that we may be able to devise an effective means of action, let us realise the nature of the menace that threatens us in the constitutional changes that are taking place. Now, whatever may be the reasons which have actuated Lord Milner to resign his post as Colonial Secretary, it is evident that the resignation has brought to a head the question of control of Dominion matters in London. According to the "Times," the Dominions have for some time urged that, having attained an international status, they should no longer have their London affairs controlled by the Colonial Office. The journal referred to the suggestion for a new Dominion's Department to be constituted under the Lord President of the Council, who will act as an intermediary between the Dominions and the British Government. Subsequently, it was authoritatively stated that any new arrangement with regard to the Dominions was not likely to be made before the Dominions Conference which is to meet in the summer. And the latest information, according to the "Daily Chronicle's" political correspondent—a usually well-informed source—is that the creation of a Dominions Department within the Colonial Office will be made on the appointment of Lord Milner's successor. Now, those, who have carefully followed the trend of events during the war and afterwards and their reactions on the relations between Britain and the Dominions, will not find it difficult to realise that whatever the machinery that may be devised to "control" Dominion matters, it will be a machinery that will be determined by this basic idea that the great changes in the constitutional relations of the Empire that have happened during the last few years must be regarded as permanent. And what are these changes? To describe their effect in brief, they have completely transformed the British Empire—the British "white" Empire, be it noted—into a real Commonwealth of autonomous States equal in sovereignty. This tremendous fact is so inadequately realised that even so great an authority as Mr. Asquith has seriously misunderstood the nature of the Dominion status. In a recent letter to the "Times" he demanded for Ireland "the status of an autonomous Dominion in the fullest and widest sense." And yet by that status he meant something which is very much less than what the Dominions mean by it. He elaborated his conception of the status in subsequent speeches which show how little even he has realised the nature and extent of the radical constitutional changes of 1917-20. Thus he did not see "any difficulty whatever" with regard to "strategy and foreign policy." "No Dominion," he said, "claimed anything more than a consultative voice in these matters." Again, he did not see any difficulty with regard to danger from Irish ports in time of war; for, he said, "it was a cardinal principle with the self-governing Dominions of the Crown that the Imperial Navy should have free access to, and unrestricted use of, all their ports for all naval purposes." And lastly, according to him, the legislative autonomy of the Dominions applied only to "matters of local concern." Mr. Asquith was evidently thinking of the status which the Dominions enjoyed before the war. That status is now a thing of the past and, as a result of the changes made during 1917-20, it differs radically from that understood by the Dominion Prime Ministers and also the Coalition Government.

Dominion Status and Its Significance.

The question is so important that there should be no misunderstanding about it. To take the declarations of the Dominion Prime Ministers first. There could not be a more authoritative spokesman of the latter than General Smuts. Speaking in the South African Parliament in September 1919, this is the picture he presented of the new Dominion status in summing up the developments of 1918-19:

> "We (South Africa) have received a position of absolute equality and freedom, not only among other States of the Empire, but among other nations of the world."

This equality, he emphasised, extended to foreign affairs no less than to other things:

> "As a result of the Conference in Paris, the Dominions in future would in regard to foreign affairs deal through their own representatives. The Dominions of the Empire would, in future, therefore, stand on a basis of absolute equality."

He was no less unambiguous in asserting the complete legislative autonomy of the Dominions. "Constitutionally," he said, "the Union Parliament was the legislative power for the Union, and the doctrine that the British Parliament was the sovereign legislative power for the Empire, no longer held good." These are statements of far-reaching importance and they have been repeated on numerous occasions by all the leading Ministers in Canada, South Africa and Australia. And that is not all. The British Government—speaking through Lord Milner, the Colonial Secretary—have definitely accepted the new position. Thus on July 9, 1919, Lord Milner said: "The only possibility of a continuance of the British Empire is on a basis of absolute out-and-out equal partnership between the United Kingdom and the Dominions. I say that without any kind of reservation whatsoever." So recently as on June 17, 1920, speaking in the Lords, he pledged the British Government to acceptance of the position that "there is no kind of authority which in practice (whatever may be the theory of the constitution) the Parliament and people of the United Kingdom claim any longer to exercise over the Parliaments and peoples of the self-governing Dominions. We frankly accept the position that we are partner nations of equal status." Could there be any statement more definite? And what a striking contrast is there between Mr. Asquith's old-world conception regarding the Dominion status and the conception of the Dominion Prime Minister and the British Government? Mr. Asquith is shown to be absolutely wrong when he said, despite these statements, of which he should have been aware, that the Dominion status gave the Dominions the right to little more than a consultative voice in foreign relations, and involved the subordination of the Dominion ports to the will of the British Navy. How radical has been the change in the position of the Dominions in respect of foreign relations is shown by a recent writer on this subject. The writer refers to a very interesting procedure which the Dominions and the British Government have worked out to secure the equality of status in respect of foreign relations of all kinds. In working out and applying this procedure, they have built up new and exceedingly important conventions of constitution and it is these conventions, not legal theory, which determine the nature of the constitution of the British White Commonwealth just as the convention that the Crown shall act only through, and on the advice of its Ministers, determines the character of the British Constitution. These conventions, according to the writer, are: First, that in respect of what may be called "group" matters (that is, vital questions of foreign policy in which formal action by the Crown involves each State of the group, such as a declaration of war, the ratification of a treaty, etc.), the Crown shall not take action unless advised thereto by each responsible Government of the group of States. The second convention is that in respect of "national" questions of foreign policy (e.g., commercial treaties, immigration, merchant shipping, the appointment of diplomatic agents) the Crown shall set in motion on behalf of the Dominions the sovereign powers vested in it, on the advice and responsibility of the Government of the particular Dominion concerned, the existence of this convention having been shown, in a complete form, in the decision that a Canadian Ambassador at Washington should be appointed by His Majesty on the advice of the Canadian Ministers. Dominion status thus means a status of absolute equality with Britain as regards the whole field of Government. And the writer, whom we have quoted, thus sums up what it means:

(1) The right of equal partnership in group questions of high policy, and of independent action in all other "national" matters, including the appointment of diplomatic agents.

(2) Equal rights with regard to Army and Navy, including the movements of warships, the control of ports, etc.

(3) Complete legislative autonomy in exernal as well as internal matters including also the *constitutional right* of secession (not the legal right, since the British Parliament itself could not secure this in face of the King's veto without resort to a legal revolution.

It is true, of course, as Lord Milner indicated in the statement we quoted above, that the new conception of equality of status may still conflict in certain respects with the old *legal theory* of the constitution—as distinguished from its *constitutional practice*. And, and this is important to bear in mind, it is to remove this conflict that the Dominion Prime Ministers will shortly meet the representatives of the British Government when they will demand and secure in theory, as they have secured *in practice*, complete equality of status in respect of the whole field of government, legislative, executive and judicial.

What Are We Going To Do?

The question, then, that we have to ask ourselves is: What of India? The Dominion representatives will meet the representatives of the British Government on absolutely equal terms and discuss and settle questions of foreign policy, in reference to Japanese-American, Japanese-China situations, of the big navies, of disarmament and the like. "There is no power . . . in the constitution as it exists," Lord Milner said in the speech we have quoted, "to impose the will of the majority upon one dissentient or recalcitrant member. If they are not agreed, common action is not possible." What is the implication of this statement? Let us pause and consider. It means, in effect, this that as Britain cannot do without the Dominions and *vice versa*, the vital questions of armaments, army, navy, foreign policy, mandates, militarist and economico-imperialist adventures, will be settled by the Dominions and Britain *jointly—that, in short, the non-white portions of the Empire will no longer be subject to British Parliament only, but will be governed by the Dominions as well, the latter being numerically predominant.* Are we, as a self-respecting nation, going to sit silent in the face of this menace? Not only on the question of Indians abroad, but also on the question of [illegible] ment of Indian troops for the purpose of imperialistic aggrandisement and of the strength, composition and control of our own army, not we but the White nations of the Empire will have the effective voice. Here then is a question of life and death for us—faced as we are with the issues raised by the Esher recommendations, the criminal policy of squandering our resources and men in the Mesopotamian and Persian adventure, the crushing military burden, and, above all, the humiliating and insulting refusal to allow us to organise our own naval and military defence on truly national lines. What are we going to do? Are we going to submit, as hitherto, to the position of being merely hewers of wood and drawers of water for the aggrandisement of our white brethren of the Empire? For, without a national organisation of Home Defence, without control over our military expenditure, without a navy of our own, without the final and effective voice in our foreign policy—without, in short, enjoying the new Dominion status—we are and shall continue to remain nothing less.

Notes of the Day.

Austria's Plight.

The total collapse of Austria, which has been apprehended ever since the Treaty of Versailles sealed the doom of the Dual Monarchy, appears to be imminent at last. The Allies, who at one time seemed prepared to sustain her existence by timely help of money as well as food, backed out later, for some reason or other, and the Republic has been left almost to her own resources. America, which has always been sympathetically inclined towards Austria, was expected to come to her succour, but apparently the maze of present-day European diplomacy has proved an effective barrier against such demonstration of sympathy. The Entente policy of isolating Austria on all sides,—from Germany, Russia and even Hungary—has put a further nail in the country's coffin. The refusal of the Allies, thanks to French obstinacy, to permit the German-Austrians to ally themselves with the Republic has, especially, hastened the collapse which is threatening. It reflects little credit on the Entente diplomacy of the day that it should have allowed so important and peaceful a member of the European body politic as Austria to be reduced to this plight. If the worst fears should be realised and Austria collapse finally, the consummation will be hardly conducive to the peace and safety of Europe, which the Entente diplomacy has, or rather ought to have, in view.

Hebromania.

Thus the "Bengalee":—

> History reserved for a brilliant Jew to chalk out for us the track which we have to travel in order to reach our goal, and Providence has appointed another gifted member of the Semitic race to help us in taking our first steps on that road. It is men of Asiatic blood alone that can enter into our skin and get us out of the slough of despond to which we seem to have fallen in recent times. After all, it is a Jew that is coming out to save India, if it is not Mr. Montagu himself. With Lord Reading's appointment as our Viceroy, we hope the game of Jew-baiting at the office of the "Morning Post" will cease, and with two representative men of that race—one at Whitehall and one at Simla—at the head of our affairs, we hope India may have a glorious lustrum of peace and prosperity. May God help India!

While saying "Amen" to the last expressed hope, may we humbly enquire since when our gushing contemporary has lighted on the discovery that the salvation of India will come through a Jew, or rather a couple of Jews, alone? We had a sample of Hebrophobic display last week and it seems to us that in the passage we have quoted we have an equally edifying outburst of its antithesis.

The Battle of the Clocks.

Those who remember the heat and the dust as well as the sinister aftermath of the battle of the clocks when it first opened in the local Corporation hall more than a decade ago will feel relieved at the happy, though temporary, truce that has been called and the absence of all recrimination among the champions of Standard and Bombay "times". The decision to leave the solution of the vexed question in the hands of the new Corporation that will come into existence next year is a compromise that must commend itself to the adherents of both the parties. It is no use denying that when Bombay time was adopted there was a good deal of prejudice, some of it based on religious sentiments, against Standard Time, but how much of that prejudice is still left in the minds of the citizens is a debatable question. When the controversy comes to be resumed next year, it is to be hoped that all prejudices and misconceptions on either side will vanish and then a decision worthy of this enlightened city

"REPRESENTATIVE OF JUSTICE."

LORD READING'S ASSURANCE TO INDIA.

"JUSTICE WOULD REMAIN SUPREME."

(REUTER'S TELEGRAM.)
LONDON, Jan. 11.
Recd. 2 p.m., Jan. 14.

In the course of his speech at the High Court congratulating Lord Reading, Sir Gordon Hewart said that the occasion was unique. He paid a tribute to Lord Reading's distinguished career at the Bar and Bench. He said he was relinquishing the Lord Chief Justiceship at the call of the imperilous public duty. Sir Gordon recalled the fact that Lord Reading had repeatedly carried out most difficult and responsible tasks during the war; when it was his duty, to solve apparently unsolvable problems of money, food, ships, and men. Now Lord Reading had accepted the task of directing the Government of India at a most difficult moment. A new chapter was being opened in the affairs of India. It was indeed fortunate that at this grave juncture the guidance of affairs should be in the hands of such a mastermind.

In the course of his reply, Lord Reading said he had pondered before accepting the new post, and it was only by assertion of those best competent to judge what was in the interests of the Empire and India, that he had felt for some reason that he must at least be fit to take the position. From that point, he never had any doubt with regard to his duty. It was rather the office of the Lord Chief Justiceship than the individual that had been asked at this solemn juncture in the Indian history to be a representative of justice in India. He trusted the people of India, who were now at the outset of great progressive reforms, would recognise in the appointment of the representative of justice in England to take the supreme place as the King's representative, a desire to make manifest to India that justice would remain supreme as the guiding factor in the destinies of India, so long as it was possible for human beings to hold scales even. He was conscious of his many imperfections for the position he was going to take. He felt that, as it was his sole desire to do what was right, if he did not make a great name he would not make a great failure.

Lady Reading will accompany her husband to India.

ASCENT OF MOUNT EVEREST

SIR FRANCIS YOUNGHUSBAND'S VEIWS

(REUTER'S TELEGRAM.)
LONDON, Jan. 12.
Recd. 5-30 p.m., Jan. 14.

In course of his remarks to the Royal Geographical Society on the ascending of Mount Everest, Sir Francis Younghusband said he hoped that a reconnaissance party would cross into Tibet, when the passes were open about that end of May. They were assured of the cordial cooperation of the Government of India and especially of the Surveyor-General, Colonel Ryder, who was the chief survey officer in the Tibet mission in 1903-04 and who had seen Mount Everest nearer than any other European.

KING-DESIGNATE OF SALON'S APOLOGY

SEVERAL MORE DACOITIES

(ASSOCIATED PRESS.)
ALLAHABAD, Jan. 14.

Mr. Faunthorpe, Commissioner, Lucknow, reports as follows from Rai Bareilly on the 13th instant.

Shah Naim Ata, King-Designate of Salon, arrived by Ekka, this evening and apologised to the Deputy Commissioner, stating he had acted under compulsion and will, in future, assist Government with his disciples. The man heading a large band of Kisans in Nasirabad circle is believed to be Mahabir Gadari, a notorious absconding dacoit leader for whose arrest Rs. 150 has been offered for some time. The anticipated looting of Kanhaiya Bazar on the Partabgarh Border was prevented by the timely arrival of armed police, when looting had just begun. Some arrests were made including a Brahman of Allahabad, alleged to be one of the ringleaders. Several more dacoities have occurred.

Mr. George Joseph, Editor, "The Independent" got a bad chill on his return from the Nagpur Congress, which developed into severe pneumonia attack. After passing many anxious days, he has now recovered and is convalescent. It will be some time before he resumes work.

RECENT INDIAN DISTURBANCES.

WARNING TO EXTREMISTS.

ENGLISH PAPERS' VIEWS.

(REUTER'S TELEGRAM.)
LONDON, Jan. 12.

Newspapers are giving prominence to the Agrarian disturbances in India. The "Pall Mall Gazette" contends that the lesson should not be lost upon either the Government of India or the Extremists who are playing with fire, like the Russian revolutionaries and using the argicultural millions as pawns in the great political game. If the peasant declining to be a pawn gets out of hand, Indian nationalists will be the first sufferers. Justice for which the Government of India stands and India's only hope for the present peace and future political advancement depend upon the maintenance of Government, which if shaken would spell failure for Mr. Ghandhi's hopes of a self-governing India, for India would become like Russia a helpless and hopeless prey to fools, knaves and fanatics.

LONDON, Jan. 12.

A memorial to General Maude in the form of a crucifix was today unveiled in the churchyard of St. Paul's, Knightsbridge, by Field-Marshal Robertson. Chaplain Jarvis formerly Principal Chaplain in Mesopotamia conducted the special service. Many military officers were present.

The "Star" states that Dublin Castle has discovered the whereabouts of De Valera in Ireland, how he landed and with whom he is conferring. His proclamation to the Irish people is expected shortly and upon this fate of the reconciliation movement largely depends. Meanwhile Government is waiting for Sinn Fein members of parliament to define their position.

(REUTER'S TELEGRAM.)
LONDON, Jan. 12.
Recd. 2-15 p.m., Jan. 14.

Washington.—The Secretary of Navy, Mr. Daniels, addressing the Naval Committee of the House of Representatives declared that an international agreement ending competition in naval building was the only alternative to building an American navy equal in power to any other navy in the world. If the United States was not immediately to join the League of Nations, Mr. Harding should immediately invite the nations of the world to the disarmament conference and until world agreement was secured, there should be no cessation of building of ships authorised by Congress.

Even Portugal and Cuba are represented.

(REUTER'S TELEGRAM.)
LONDON, Jan. 11.
Recd. 2-15 p.m., Jan. 14.

A Berlin message says that the German note to the Allies declares the situation in Upper Silesia to be intolerable. The region is infested by marauding bands. The murders and robberies in the district of Kallowitz alone have increased by 243 and 80 per cent. respectively, since the arrival of the Inter-Allied Commission, whose measures of repression are inadequate. The note demands the closing of the southern and eastern frontiers and stern penalties for misdeeds.

ENTERTAINING THE DUKE

A "NON-COOPERATION" FARCE.

(ASSOCIATED PRESS.)
MADRAS, Jan. 13.

Though there was no rain to-day the weather was very gloomy and the sky threatened showers every moment. Except for the postponement of the rally of boycouts owing to the slushy nature of the ground brought about by the ceaseless downpour for the last two days, the programme of the Duke of Connaught was carried out in full. The most interesting of to-day's functions was the garden party given by Sir P. Rajagopalachari and Lady Gopalachari to meet the Duke of Connaught at Kusaldas Gardens. The mansion, one of the most attractive and magnificent buildings in Madras, was seen to the best advantage this evening, when the elite of the city, Rajas, Princes, officials, merchants and representatives of all professions and interests arrayed in brilliant costumes mustered in strength. The whole garden was illuminated with lights hanging from branches of trees making the whole place brilliant with radiance and grounds looked like a fairyland. Exactly at the appointed hour, 4-45 p.m., His Royal Highness and Their Excellencies arrived and were received by the hosts. They then witnessed an interesting farce, which illustrated the straits to which a husband was reduced by a recalcitrant wife and family adopting Non-Co-operation and passive resistance towards him. Police band was in attendance during the whole entertainment. After the Royal guest and Their Excellencies had left the grounds, guests slowly dispersed and the enjoyable function terminated at 8 p.m.

RAE BARELI FIRING.

HAPPENINGS AT MURSHIGANJ.

OFFICIAL REPORT.

(ASSOCIATED PRESS.)
ALLAHABAD, Jan. 13.

A further press communique on the Rai Barelli disturbances describes the happenings at Munishiganj to correct misunderstanding as to what actually happened. It says,—"In spite of all the arguments and persuasions the crowds refused to retire further and the police and the officials who were endeavouring to force them back, were subjected to volleys of stones and counter attacks were also made with lathies. It then became necessary for the police to use their firearms. Several of the mounted police had already received slight injuries and two had been unhorsed. Had firing not been resorted to, the police would have been overpowered and this large mob from 7,000 to 10,000 persons would have entered the city with results which may be judged from what happened elsewhere.

Then follows a long enumedation of acts of violence and looting committed by crowds from the 2nd of January to 7th January. Plans had been made by lawless elements in South district to loot several important bazaars at Jais and other places and Copperganj Bazaar in Rai Barelli town was on the programme for looting on 8th of January. Owing to excellent arrangements made by the District authorities to get timely information it was possible to avert these disturbances by timely despatch of armed police. In some cases the fact that looting of the bazaars was actually contemplated is shown by the fact that the crowds collected there when expected and were peacefully dispersed by the police without bloodshed. The Commissioner of Lucknow who arrived at Rai Barelli late on the afternoon of the 7th states that the situation at that time was extremely serious. Ignorant pesantry had been persuaded by perambulating agitators that not only taluqdars but British raj would shortly cease to exist and under the beneficient rule of Mr. Gandhi they would enter on a golden age of prosperity in which they would be able to buy good cloth at 0-4-0 annas a yard and other necessaries of life at similar cheap rate. This story about cloth accounts was told for cases of looting cloth merchants mentioned above.

TIMELY USE OF FIREARMS.

The Commissioner who has made full enquiry into these agrarian distudbances reports, "He is satisned that but for the timely use of firearms as described above, first at Furastgani and subsequently at Munshiganj the whole of the south of Rai Barelli district would rapidly have reached a state of anarchy. It is probable also that had a large crowd at Munshiganj not been dispersed on the 7th they would have entered the city with disasterous results." The Commissioner of Lucknow has satisfied himself that the use of firearms in two disturbances at Fursatganj and Munshiganj though resulting in loss of life which is much deplored was absolutely unavoidable and was not resorted to until the last possible moment. Very few casualties occurred and greatest care was taken by the District authorities to see careful search was made for the wounded and all the wounded were taken to a hospital immediately. Some slightly wounded escaped, but the latter were brought in by their friends or walked to hospital for treatment. This shows that people have not yet been persuaded by agitators to distrust all the Government institutions.

SINISTER FEATURE.

A very sinister feature of the disturbances was the presence in crowds of numbers of criminal character. Two of the men shot at Fursatganj have been ascertained to be registered criminals. Reinforcements of armed police were despatched to Rai Barelli with commendable promptitude and the situation now appears to be free from anxiety. The Commissioner reports that tenantry in some of the worse managed estates have legitimate grievances which require and are receiving attention.

"NO CRUSADING IN PERSIA!"

BOLSHEVIKS PREPARING TO INVADE PERSIA?

IMMEDIATE EVACUATION OF BRITISH WOMEN ORDERED.

(REUTER'S TELEGRAM.)
LONDON, Jan. 11.
Recd. 2 p.m., Jan. 14.

The Extraordinary Council of Aristocrates, Ministers and ex-Ministers at Teheran accepted sixteen Russian proposals, principally those renouncing Russian interests, concessions and landed properties in Persia, also cancelling all Persian debts to the Czarist Russia. The rejection of the recognition of Socialism was based on the ground that it was opposed to the Mahommedan tenets.

It is reported that the Bolsheviks have concentrated a large force at Baku, and that they intend to invade Persia in the spring with 30,000 men. British commercial concerns are making precautionary arrangements for evacuation on the withdrawal of British troops from North Persia.

The "Daily Mail", in the course of a leaderette entitled "No Crusading in Persia", says that in view of the present state of British finances, it would be sheer madness to incur fresh liabilities of a very grave character to prevent Persia going Bolshevik. Persians must be advised to defend themselves and study the example of Bokhara, where the rashly invited Bolsheviks have brutally enslaved the Moslem population.

"NO IMMEDIATE DANGER."

IMPENDING WITHDRAWAL OF BRITISH TROOPS.

(REUTER'S TELEGRAM.)
LONDON, Jan. 11.
Recd. 2-15 p.m., Jan. 14.

Reuter learns that the order for immediate evacuation of all British women and children from Persia does not mean that there is any immediate danger. The British Government have, for some time, used their influence to dissuade women from settling in Persia, conditions there not being considered very suitable for them, particularly in view of the impending withdrawal of the British troops from North-West Persia.

RANGOON UNIVERSITY REGULATIONS.

PROPOSED AMENDMENNTS FOUND UNSATISFACTORY.

(ASSOCIATED PRESS.)
RANGOON, Jan. 14.

Newspapers voicing the Burmese and Indian opinions agree that the proposedamendments of the University Regulations are unsatisfactory and insufficient to induce the students to return. The abolition of preliminary year's course is still vigorously demanded.

The "Rangoon Times" thinks that having gone so far, the University authorities might go a little further and abolish the preliminary year course.

The "Rangoon Gazette" says:—This is no case of a fight to a finish. The Vice-Chancellor's letter shows a spirit of reasonableness and the modifications announce the removal of all practical objections.

BOMBAY MILLS.

WILL THERE BE A STRIKE ?

UNCERTAIN SITUATION.

During the past few days, reports have appeared of Bolshevik outbreaks in some of the local mills. Perhaps it will be difficult for people to understand that there is any amount of discontent among the mill population of the city, especially in view of the recent decision of mill-owners to grant their employees a bonus of a month's wages. Whether this decision was arrived at with a view to forestall trouble or to relieve the pecuniary embarrassments of their men, it is not necessary to inquire at this stage. But it will suffice to state that the decision was arrived at when there were several strikes on in the city and when it was at one time feared that the workers would declare a sympathetic strike. It is believed in well informed circles that but for the announcement of the mill-owners' decision, the men would have struck work about Diwali Time. after receiving their wages. The effect of the announcement was to put off matters.

A NEW SPIRIT.

Though the men have bided their time with wonderful patience, discontent among them has been manifest in various ways. The temper of the men has changed and following the activities in connection with the Trade Union Congress, a new spirit has been infused among them. The indifference with which they put up in the past with kicks and insults has given way to a new spirit of extorting amends, and in not a few cases erring mill officers have had to climb down and apologise to the men for insulting language willingly or unwillingly used. Employees of various mills are forming unions and collecting funds. That is not all. They have learnt as a result of past experience to sink individual or group differences in the interests of the whole and unite for a common aim and purpose. The existing conditions of employment in the mills afford very good scope for combination among men regardless of all differences. The first and foremost item which can easily rally the ren together is the increment of wages. The question of hours of work is assuming no less important proportions, and on these questions there is such complete unanimity of opinion among the men that it is difficult to get them to yield by a single point.

Since the beginning of this month there is considerable stir among the men, and apparently they are moved by expectations of which they have at any rate no adequate conception. Matters are likely to come to a head during these two or three days. Men have already received or are about to receive to-day (Saturday) at the latest their wages and the bonus. There will be an off day to-morow and the dawn of a new day on Monday, will settle the issue: whether there is to be a strike or not for the two demands, viz., a further increase of twenty per cent. in wages and ar. eight-hour day. Men seem to be fortified in their demand for a shorter working day by a practice which appears at present to be attaining in the Spring Mill. In the Spring Mill, it appears they work two shifts of eight hours each and the men urge that this practice should be extended. They are not averse to working ten hours provided however that the two hours are reckoned for overtime.

EFFECT OF SLUMP.

Whatever may be the economic effect of a strike at present on the general community, there sems to be little doubt that the mill-owners would find a strike not unwelcome. There is at present a big slump in the market and heavy stocks are awaiting disposal. Any strike, if sufficiently prolonged, should mean a god-send to the mil-owners and enable them to reduce stocks at favourable prices. But one thing, however to which attention has time and again been drawn is the almost chronic ignorance that seems to prevail among the mill agents in regard to the attitude of their employees. It is almost pathetic to recall here how a big mill-agents controlling a very large group of mills in the city, was the other day asking a rank outsider whether there would be a strike among the "mill-hands." How can I say? You ought to know better" was the reply. The same may be said to be the case with almost every other mill agent that one meets within this city. They are, as a class, so hopelessly out of touch with the views of their employees and it is difficult to imagine that any mutual confidence is possible between the two.

Be that as it may. So far as the workers are concerned it cannot be said that they are altogether unmindful of the fact that has been mentioned above regarding the existence of heavy uncleared stocks. They seem to recognize that as a great disadvantage and an obstacle to a fair settlement. If they are persisting in their attempts to promote a strike, there must be other factors, which are not at present quite obvious to the inquirer. One thing, however, seems certain that as in most of the recent strikes, the mill workers' strike, if it comes at all, will have no political significance and that purely economic motives actuate the movement. Further than this. it would be too premature to speculate about the consequences of a strike that is yet in the womb of time.

STRIKES IN BOMBAY.

CORPORATION-GAS CO. ALLIANCE.

HOODWINKING THE PUBLIC

Is the Gas Company's staff working or is it still on striken from the way the lamps i the city are lighted no one would suspect for a moment that the strike is at an end; but that is what the Company has given the men to understand. The company have taken back only about 300 men and the rest about 700 have been rejected. Of course, in these days of scarcity of labour the men found no great difficulty in getting employment. The Gas Company informed the remainder that their places had been filled up already. Then why in the name of commonsense has the city such defective and bad lighting. There cannot be the excuse of a sudden strike engineered by "agitators." It is now three months and more, and very little has been done to improve the lighting. But the Gas Company is in no hurry, as they have the support of the Municipal Corporation, and the Municipal Commissioner in whatever they do. The Capitalists in the Municipality want to prevent a "recurrence" of strikes, and they are prepared to go to any length to attain that object. Buttressed by capitalists, no doubt the Corporation is hoodwinking the people and has failed in its duty but the public have not complained and so the matter must end. But the fond hope of capitalists to put a stop to all strike for ever and ever, so that the industrial exploitation of the poor masses may go on unchecked, to dwell the profits of the rich to enable them to add to their crores and luxuries, must and will fail, if not in the interest of the humanity, atleast in the interest of the bloated millionairy and mill owners boh terms being synonymous.

KOHINOOR MILL STRIKE CONTINUES.

The Kohinoor Mill strike continues. Some of the men went to the mill yesterday morning, but the gates were closed and a notice was put up that the mill would be closed until further notice. A police force is picketted near the mill premises to prevent any trouble. The situation is quiet at present and nothing is happening.

KOHINOOR MILL ARRESTS.

BAIL REFUSED.

Seventy-nine of the workers of the Kohinoor Mill, who had been arrested on Wednesday last, were yesterday placed before Mr. B. N. Athavle, the Additional Presidency Magistrate at the Dadar Police Court yesterday, with the charges of being members of an unlawful assembly, rioting and voluntarily causing grievous, hurt with a dangerous weapon to Inspector Home.

Superintendent Sullivan who charged the accused applied for a remand and Mr. Sahaji, prosecuting Inspector appeared for the prosecution; while Mr. Khurshed F. Nariman, pleader, appeared for the accused. The court was overcrowded with mill-operatives who went to watch the proceedings.

APPLICATION FOR BAIL.

Mr. Nariman, applying for bail on behalf of accused said ordinarily in such cases accused were charged with rioting but as stretched a pant and included Section 326 I.P.C. which was non-bailable. Mr. Homes was injured accidentally and the common object of the strikers was never to hurt the police or any body. The police wanted to keep the arrested persons with a view to strike terror among the rest of the strikers. They (Police) had no evidence that any of the accused had deliberately struck Mr Homes or any other officer and they were sought to be made liable not by implication.

Mr. Sahaji opposed the application for bail whereupon Superintendent Sulliman was examined by the Court.

7 RELEASED: REST ON REMAND.

Eventually, seven of the accused who were youngster were ordered to be released on bail and the rest have been remanded in police custody till the 24th instant.

"HIRED DEMONSTRATION.

DUKE'S VISIT.

DELHI CONGRESS COMMITTEE'S INSTRUCTIONS

(From our Correspondent.)

DELHI, Jan 14.

The Provincial Congress Committee have issued the following notification dated 14th January.

In pursuance of a resolution passed at the last Indian National Congress at Nagpur the Provincial Congress Committee of Delhi has decided to request the people of Delhi to take no part in the various ceremonies and functions connected with the forthcoming visit of His Royal Highness the Duke of Connaught, not in any spirit of disrespect to the royal guest. Although His Royal Highness comes here at the bidding of a Government which has ceased to claim our confidence but simply to do our painful duty of marking our dissociation from a function which as we conceive has been carefully designed to mask the present political condition of our country; although the high traditions of oriental hospitality and the well known rules of Indian good manners preclude in ordinary times the possibility of even an avowed fore receiving any but a fitting welcome if he choose to visit us on an ostensible mission of peace and goodwill, the exigencies of the highly artful situation created by the alien Government in India today constrains us to adopt a course which if its motives were not clearly stated, might have exposed our instinct of hospitality to an ambiguous interpretation. We do not hesitate to assign the first place to our national self respect even in the interest of humanity at large and that compels us to lend no countenance whatever to a ceremony or function conected with foreign domination whether it be an act of pure hospitality such as according a welcome to a guest or it be an act which may in the midst of carefully organised pomp and pageant prove an attempt at the glorification of India's enslavement albeit in heavily bejewelled chains such as the inauguration of what is apparently ironically called the dawn of freedom.

We have, therefore, deemed it proper to request the people of Delhi to observe a complete hartal on the 9th February when the inauguration of the Councils controlled by the foreign bureaucracy is expected to take place and a half day hartal on the 14th February beginning after dusk thus to mark the peoples mournful recollection of the fact that their true self respect as equal inheriters of man's birthright of freedom still remains to be vindicated in the face of foreign guns and brutal might. In spite of the mellifluous flow of oratorical goodwill and the elaborately designed theatrical effect at the expense of the poverty stricken millions of this country meant to serve as a political veil over the grim visage of stern realities it is confidently expected that our hartal will stand as a symbol of the unanimity of the masses of India in holding aloof from hired demonstration of a few who revel in their humiliating thraldom.

A "TELEPHONE RAMP."

BITTER OPPOSITION MANIFESTED.

DEPUTATION TO P.M.-G.

(REUTER'S TELEGRAM.)

LONDON, Jan. 12.
Recd. 2-15 p.m., Jan. 14.

Unprecedented opposition is being manifested towards the action of the Postmaster-General in increasing the telephone charges, abolishing the flat-rate and substituting rates per call in addition to the increased rental. Newspapers are inveighing against this "Telephone Ramp," as they call it. Commercial and industrial deputations organised an interview with Mr. Illingworth today, representing the Empire Press Union, besides all British newspaper organisations headed by Earl Burnham, who described the increases as a special tax on the public knowledge since they were most damaging to the newspaper industry at a moment when telephonic facilities were at length being fully used and showing signs of progress and development. He agreed on the necessity for increased rates, but characterised the present manner of their application as retrograde with regard to public utilities.

Mr. Illingworth, replying, pointed out that the cost of the service was now fourteen millions annually, compared with six before the war; while the increased charges amounted only to eighty per cent. It was impossible to overthrow the departmental committee's recommendations. He hoped ere long to have the finest service in the world.

"KILL LLOYD GEORGE."

The following item of news from an English contemporary is to good to be lost:—

In sending a telegram of instructions for the suppression of an item of news found to be erroneous journalists, especially, American journalists, frequently use the conventional word "kill." This fact, well-known enough among newspaper correspondents but not at all known to the Swiss police, recently caused a good deal of trouble to the representative of an American journal attending the League of Nations Conference at Geneva. The correspondent had sent to his newspaper an item relating to the expected visit of Mr. Lloyd George which turned out to be incorrect and at once cabled "Kill Lloyd George."

Within a couple of hours he was amazed to receive a domiciliary visit from the police with its usual accompaniments—rooms turned upside down and inside out, inventory of all papers, seizure of all those thought to be suspicious, seals here, seals, there, interrogatories, etc., in short, all the little attentions characteristic of the Continental police and judicial authorities on such occasions. Fortunately the correspondent was wellknown to all his colleagues, who were able to assure the police that he was neither a Sinn Feiner nor a Bolshevik. Explanations followed and all ended happily.—Reuter (Paris).

THIRD TEST MATCH

COLLINS' EXCELLENT STAND

(REUTER'S CRICKET SPECIAL.)

ADELAIDE, Jan. 14.
Recd. 11-45 p.m. Jan. 14.

Weather was pleasant and there were 18,000 spectators present when the eventful Third Test Match began here to-day. Dolphin, Wilson, Waddington, (Hearne and Hitch were omitted from the English side.

Armstrong won the toss and elected to bat on the good wicket sending in Collins and Bardsley to face the bowling of Howell and Douglas. With 3p runs on the board Bardsley was smartly stumped by Strudwick. With thirteen runs added Kelleway was out to a catch by Fender off Parkin and nine runs later Taylor ran Himself out in foolish attempting the impossible. Collins was missed by Rhodes when 53 and again when 60 by Hendren off Howell. With the score 85 for three wickets lunch was taken England having ample reason to feel satisfied with her morning's work.

After resuming Armstrong was dismissed at 96. When Pellew joined Collins, however, an excellent stand was made. Tea was taken with the score 176 for four. In the first over after resuming Pellew was run out Collins failing to reply to his call for a run. Crowd freely criticised Collins. After batting for 258 minutes and scoring nineteen fours Collins was at length dismissed by Rhodes off Parkin for an excellent innings of 162. The retiring batsman had batted excellently before lunch but between lunch and tea his work was distinctly patchy and his timing faulty. After reaching his century however his play again became admirable all round the wicket. He was accorded a well-merited ovation. Ryder and Oldfield batted attractively until stumps were drawn for the day.

The play throughout the day was of the keenest descripton but again England's faulty work in the field, was in evidence and the tale of dropped catches was repeated.

Up to present Douglas bas taken three wickets for 54 Howell nought for 73 Parkin two for 54 Woolley nought for 43 Fender 1 for 52 and Rhodes nought for 23.

Scores:—

COUNCILS AND UNITED ACTION,

MR. BHURGRI'S APPEAL.

To THE EDITOR OF "THE CHRONICLE."

Sir,—I would thank you to give publicity to the following suggestions which have been induced by solicitude for the cause of the country.

The formation of a substantial Non-official majority in the new Councils, the increase of the non-official element in the Executive Councils, and the creation of the appointments of Ministers have opened up new and great opportunities for the advancement of the interests of the Indian people in the direction of responsible government. But it is essential that these opportunities should be utilized to their fullest extent if any such progress is to be made. The duty of pressing these opportunities into the service of the country mainly devolves on the accredited representatives of the people in the persons of the non-official members of the various Councils. The present situation is such that these representatives are expected to decide on and carry out a definite plan of action, to formulate clear demands and to press them on the attention of Government with steadfast courage and determination. This is the brief that they hold from the people, the trust with which they are charged, and the very purpose of theih existence in the Councils.

Now, on the principle that union is strength, it is necessary to concert non-official opinion by means of proper organization. This will consolidate the position of the non-official members of the new Councils and be a valuable support or an effective check to the Indian Members of the Executive Councils, the Ministers, and the Government as a whole, according as they deserve or forfeit the confidence of the people.

The first means to the above end is the immediate formation of an association of non-official members in each Province, in which the latter shoud all meet for the consideration of their programme before the commencement of the sessions of the Councils. For, previous communion is necessary if a consistent course is to be pursued

A later development may be a club provided with a library, reading room and residential quarters. For, knowledge is power, and it is essential that all available material should be at the service of those who are charged with difficult and important functions

Finally, it is necessary that all the non-official members of the various Councils should assemble in conference, at least once a year, at some suitable time and place, to exchange ideas, discuss matters, and consider the general situation. For, joint deliberation is essential for effective action.

In my humble opinion, some such measures as I have ventured to suggest above are necessary if the welfare of the people is to be effectually promoted. In making these proposals, I have reckoned on the zeal and devotion of those on whom is imposed the sacred trust of their country's cause. It is, therefore, with full faith and hope in their loyalty to their mission that I commend the whole matter to the earnest attention of the Non-official members of the various Councils.

It was not possible for me to address the Non-official members in the matter directly owing to my not being fully in possession of their names and addresses. Hence this general appeal to them through the medium of the Press, an appeal to which, I rust, the response will be none the less full and prompt.—Yours, etc.

(REUTER'S TELEGRAM.)

LONDON, Jan. 13.
Recd. 0,15 a.m. Jan. 15.

Paris.—In a debate in the Chamber on interpellations Government was severely criticised particularly with regard to foreign affairs in which it was alleged that a lack of firmness was displayed. Premier Yeygues on the ground that the hands of the government should not be tied at the forthcoming allied conference urged postponement of the debate. He re-emphasised the Government's determination energetically to pursue the execution of the Treaty and disarmament of Germany. He said that the Government would attend the conference with full confidence of the chamber or would not attend at all. Finally the debate closed and after vote the Chamber adjourned.

It is stated that lobby Independent deputies have requested their committee to urge that President should invite M. Poincare ex-President to form a Cabinet.

PIECE-GOODS.

The depressed state of the Cloth Market has not been relieved in any way and there has not been the slightest indication of increased activity during the past week. The tone has been very quiet and rupee rates have been nominally steady, but sellers would be willing to give fair concessions to bonafide buyers in order to effect sales. Brokers have not been able to induce merchants to transact business even amongst themselves, as no dealer wishes to increase his commitments at the moment. A waiting policy is being generally adopted owing to the uncertainty regarding the future outlook. The stocks are heavy and the movement of goods has been checked by the absence of demand. The financial stringency and the high level of values has had much to do with the curtailment of the demand. Prices of cloths have been sustained owing to the unfavourable rate of exchange which has increased the cost of goods recently arrived and some dealers are chary to cut down the rates. But the consumption of goods has diminished on that account, and until values adjust themselves to the proper basis in sympathy with the decline in cotton, the enquiry for cloth will not be on a free scale. The current level of prices is beyond the reach of consumers, looking to the present economic situation.

The purchasing power has fallen owing to high prices of the necessities of life. The markets are glutted with piecegoods due to overproduction at high rates, and the consumption has not kept pace with the output.

The position in Lancashire leaves much to be desired. Most of the markets seem to be absolutely tied up. Stocks of high priced goods are lying in Manchester and holders have been unable to dispose off the same. Numerous disputes between buyers and manufacturers are pending. A suggestion is being made to buy goods at current low quotations in order to average with the high-priced stocks, but the Importing firms here have not been inclined to do any fresh business on their own account in view of the uncertainty regarding the rate of exchange.

Another Bank has been reported to have suspended payment, namely the British-American Continental Bank, which had a subscribed capital of £1,224,000 and whose business was largely commercial.

It has been proposed to establish a Russian Trading Corporation for the conduct and development of Anglo-Russian trade with a capital of ten millions sterling equally subscribed by Britain and Russia. This would facilitate the resumption of trade, but it will take a long time to materialise. M. Krassin is, however, pessimistic with regard to the conclusion of the trade agreement.

The Exchange difficulty has not been solved. It is however whispered that as the result of an interview between a big dealer and the head of the leading English Importing Firm, negotiations have begun between the parties regarding the question of exchange. The attitude of the firms seems to be conciliatory towards the dealers who are actually in extreme difficulties and are unable to meet their engagements. But as to those who are in a position to withstand the loss, the firm is unwilling to lend a helping hand. It is said that a deputation of well-known merchants connected with this firm will soon call at the office to discuss the matter further and to find a solution of this difficult problem, and it is left to be seen what [illegible] this conference.

It may be noted that on the 9th instant the Managing Committee of the Delhi Hindustani Mercantile Association discussed the question of exchange at length and passed a resolution endorsing the views of the Nagpur Congress, as contained in the resolution moved by Mr. S. R. Bomanji, requesting the Congress Committee to take immediate steps to give a lead to the mercantile public, and also inviting the attention of various mercantile Associations in India to strengthen their hands to save themselves from the present ruinous state of affairs.

The Karachi Piecegoods Merchants' Association have recently passed a resolution that no member shall buy, directly or indirectly or from auction, foreign 'forward' piecegoods whether in Karachi or elsewhere in his account. It will be seen that in the first place this resolution only applies to forward goods and not stocks, and secondly, no mention is made regarding the two-shillings exchange. The fact is that the business done in Karachi is through Brokers, who stand guarantee to the firms in respect of the commitments of the dealers, and if such a resolution be passed it would affect the brokers and not the firms.

It would not be out of place here to state that Sir Robert Horne, interviewed by a representative of the "Daily Graphic," expressed the opinion that the only solution to the exchange question was mutual cancellation

of inter-allied war debts, which would not only benefit Europe, but would improve the commercial value of dollar, and he chiefly attributed the depression to the people awaiting lower prices before buying.

The Secretary of India, in his reply to the question put by Lieutenant Colonel Burgoyne, is reported to have stated that in spite of the sale of Sterling drafts to the extent of £50,000,000 between 1st February and 30th September, it had not been found practicable to maintain exchange at 2s., and that the existing trade position did not suggest that the Government of India could advantageously resume the sales at the present time.

GREYS.

There has been an easier tendency in Grey goods. Manchester Shirtings have been in poor demand. Fresh shipments that have arrived have been offered in the bazaar at eight annas per piece less than the current rates. Jaconets have remained steady, but Drills have been easier.

Local Mill Cloths have been in moderate demand, but the position generally has been rather dull. Sheetings have been quoted at Rs. 1-9-6 to Rs. 1-11-6 and Longcloths have fetched from Rs. 1-11-6 to Rs. 1-13-6 per lb.

Japanese Cloths have been moving in small lots, and the rates have not improved. It is understood that the Japanese Firms have fair lines of standard goods on their own account bought at cheaper rates, but the rate of exchange being unfavourable, the cost of the goods will be increased.

WHITES.

In the absence of demand the position for White Goods has become worse, although prices have been nominally maintained. Green Bird narrow width Mulls have been easier by four annas per piece. 26 to 27 inches by 18 four yards ranges of Nainsooks have been neglected. Lipman's No. 1500 White Shirtings is the only style that has gone up in price owing to scarcity of stock.

SUGAR MARKET REPORT,

Jan. 14.

During the early part of the week our market ruled very strong with good demand and strong advices from all quarters and ready sugar was sold up to Rs 37-0-0 per cwt. ex godown but since Thursday on receipt of reports that business has been done in Karachi for German sugar and Karachi market having declined by three rupees, dealers became nervous and reduced the price by one rupee per cwt. all round. Since then a steadier tone prevails and we expect improvement shortly. Calcutta market keep strong with good demand while Karachi remains quiet for the present. Home and Java markets remain very strong with good demand for exports and prices have gone up to 28 gilders with very few sellers for old crop while new crop has been done c 20 gilders for July delivery. A good business has been done in our market in white Javas Jan. Feb. shipment c Rs. 29-8s. to Rs. 32-0-0 Free Bombay Harbour and Feb. Mar. c Rs. 28-0-0 to Rs. 30-8-0 F.B. Harbour. New crop is quite neglected at present.

The following are the bazar rates and states: TMO Rs. 36-4-0 45s F.B. Harbour stocks 80,000 bags.

Mauritius Rs. 36-8-0 45s F.B. Harbour stocks 20,000 bags.

COLOUR-MARKET,

Jan. 14.

The market rules easy. Fair business pass in Directs. Alizarine which was excited at the time when the prohibitive bill was passing through the parliament has again become dull and the rates have gone down from Rs. 400 to 300 per cwt. The consumers get Alizarine very cheap from the agents of British Alizarine Co. Again the stock of I. P. Alizarine is small in the market and that is quoted between Rs. 850 to 900 per cask of four cwts. The German Alizarine is quoted at Rs. 300 per cwt. The tone is fairly steady. Quotations:—

Congo-Red. (Nizam) Rs. 4/8/0 per lb.
Congo-Red. (Bolt) Rs. 4/8/0 per lb.
Congo-Red. (Haven) Rs. 4/4/0 per lb
Magenta Crystals Rs. 16 per lb.
Malachite Green Rs. 10 per lb.
Methyl Violet Rs. 9 per lb.
Sulpher Black Rs. 2/8/0 per lb.

HOME MARKETS.

Advices from home markets continue of a mixed character, but our opinion is to buy now at 15 cents for July position in New York and under 10d July position in Liverpool as a profitable investment in the long run.

HOW TO FINANCE THE MOVEMENT.

[BY M. K. GANDHI]

The Non-cooperation resolution of the Congress requires a careful study by every lover of the country. Swaraj can be gained inside of one year, if the people respond sufficiently by acting in accordance with their vote. It was not merely the delegates who emphasised the necessity of Non-cooperation, but the many thousand visitors too showed in a variety of ways that they were in full sympathy with the programme.

The days of merely passing resolutions during the Christmas week and sleeping over them till the next Christmas are gone. It will be more and more difficult for those to attend the Congress who do not act up to their profession. Every one is called upon to withdraw his children from government managed or controlled schools. Every one is called upon to use as few Foriegn articles as possible and to use only hand-woven cloth made from hand-spun yarn. Everyone is called upon to subscribe to the Tilak Memorial Swaraj Fund. This movement of Non-Co-operation is a searching of the heart. Workers must constantly awaken people to a sense of their duty. The whole Congress organisation must be utilised for the enforcement of the programme. The new constitution enable workers to organise the nation within one year for carrying out the programme in detail and if the vast body of the people of india make a conscious effort, nothing can thwart its legitimate wish for self-determination. If we nationalise schools, boycott law courts, and manufacture all the cloth we need, we will have asserted our right to govern ourselves and no army in the world can possibly defeat our purpose. With a few thousand selfless, honest, and industrious workers, the three things mentioned by me can be organised without much difficulty.

FINANCIAL DIFFICULTY.

I propose however to devote this article to a consideration of the financial difficulty. The All India Tilak Memorial Swaraj Fund should be large enought to meet every requirement, not excluding that of national institutions. Welcome as the thousands of monied men must be to us, we mustrely upon the pice of the masses. Every pice knowingly given will be a token of the determination of the giver to establish Swaraj. I make bold to say that the movement can be financed by the nation Abandoning its superfluities its questionable habits, and its vices.

If the women of India were to surrender their superfinous ornaments, if the wine-bibbers were to give up their drink and hand to the movement half their savings, if the smokers were to suspend their smoke pending attainment of Swaraj and give to the cause half their savings, we would get all the money we need for bringing the movement to a successful close. I was agreeably surprised to find that in the Central Provinces there has been a great campaign going on against the drink evil, I understand that the movement has resulted in thousands having given up this cursed habit. It would be a crowning triumph of Non-Co-operation if an organised effort were made to stamp out the drink evil. And I am sure that those who are weaned from it will gladly and thankfully part with a portion of their savings.

We are a poor people, getting daily poorer and if we are to make collection from the masses we shall do so only by acts of self-denial. There is certainly always something which we can deny ourselves for the sake of the country. I do not hesitate to suggest to the religiously minded that they cannot better devote their charity than to the erection of the temple of Swaraj. No doubt the working committee appointed by the All-India Congress Committee will present a scheme for collection. But I suggest to the volunteer workers that they can supplement the scheme by inculcating among the masses the lesson of self-denial.

There shall be a healthy competition among the different provinces in this direction.—"Young India"

A LOYALIST'S FATE.

ARREST ON DUKE'S ARRIVAL.

THREAT TO GUNTAKAL PRIEST.

(From a Correspondent.)

BELLARY, Jan. 14.

Mr. G. K. Harkare of Guntakal has sent the following to his Royal Highness the Duke of Connaught with duplicates through Lord Willingdon and Sir John Wallis:—

Respectful welcome. Am credibly informed at Dhone two days ago, that my arrest is ordered if I stir from the house at Guntakal on the sixteenth, on which date your Royal Highness passes. Nothing in my antecedents, associations, manners, justifies the step. This is Government's reward for my persistently pressing Hindu pontifical alliance with the secular state. When the Viceroy passed a year ago the civil legal process was misused for my malicious detention as no other pretext was available. In the legal language, Lord Willingdon seems to have maliciously withheld my petition from the King for remission of debt in recognition of my services to the economic cause of the Empire. Government have yet to sanction prosecution of the delinquent officers of last year and the High Court have yet to take disciplinary steps against the district munsiff, Gooty, who waived protection as Government's passive tool for mischief. I moved for both in October last. This is the fate of pressing cooperators with Government. Pray command my challenging arrest this time, if Government contradict above allegations supplying your Royal Highness with evidence as to how your best English gentlemen, here treated the pressing loyalty to the Throne and His Majesty's person, sapping the foundation of the Empire. Pray convey this to His Majesty and advice my conduct towards the threatened arrest.

The following cablegram was sent by me to His Majesty, "Loyalty ill-treated, call details uncle:—

CALCUTTA, Jan. 12.

The Second Presidency Magistrate of Calcutta disposed of the case in which one G. M. Purchase, a European assistant in a tea garden in Assam, was charged with cheating. THE NEED FOR HUMILITY.

(BY M. K. GANDHI.)

The spirit of non-violence necessarily leads to humility. Non-violence means reliance on God, the Rock of ages. If we would seek His aid, we must approach Him with a humble and a contrite heart. Non-co-operationists may not trade upon their amazing success at the Congress, We must act, even as the mango tree which droops as it bears fruit. Its grandeur lies in its majestic lowliness. But one hears of non-co-operationists being insolent and intolerant in their behaviour towards those who differ from them. I know that they will lose all their majesty and glory, if they betray any inflation. Whilst we may not be dissatisfied with the progress made so far, we have little to our credit to make us feel proud. We have to sacrifice much more than we have done to justify pride, much less elation. Thousands, who flocked to the Congress pandal, have undoubtedly given their intellectual assent to the doctrine but few have followed it out in practice. Leaving aside the pleaders, how many parents have withdrawn their children from schools? How many of those who registered their vote in favour of Non-coo-peration have taken to hand-spinning or discarded the use of all foreign cloth?

Non-co-operation is not a movement of brag, bluster, or bluff. It is a test of our sincerity. It requires solid and silent self-sacrifice. It challenges our honesty and our capacity for national work. It is a movement that aims at translating ideas into action. And the more we do, the more we find that much more must be done than we had expected. And this thought of our imperfection must make us humble.

A non-co-operationist strives to compel attention and to set an example not by his violence but by his unobtrusive humility. He allows his solid action to speak for his creed. His strength lies in his reliance upon the correctness of his position. And the conviction of it grows most in his opponent when he least interposes his speech between his action and his opponent. Speech, especially when it is haughty, betrays want of confidence and it makes one's opponent sceptical about the reality of the act itself. Humility therefore is the key to quick success. I hope that every non-co-operationist will recognise the necessity of being humble and self-restrained. It is because so little is really required to be done and because all of that little depends entirely upon ourselves that I have ventured the belief that Swaraj is attainable in less than one year.—"Young India."

MIDNAPORE FLOODS RELIEF

CHARITABLE PUBLIC THANKED FOR HELP.

(ASSOCIATED PRESS.)

CALCUTTA, Jan. 12.

In a communiqué on the subject of the Fund, raised for the relief of distress caused by floods to Midnapore in August, 1920, Lord Ronaldshay expresses sincere thanks to the charitable public for their donations, to the Executive Committee of the Fund, and to local committees and helpers. A statement, accompanying the communiqué, shows that receipts totalled Rs. 1,78,456, of which Rs. 1,09,728 has been disbursed in various forms of relief. Of the balance of Rs. 68,728 his Excellency proposes that Rs. 11,478 be retained in Midnapore, as a nucleus of the sub-divisional relief funds, and that the sum of Rs. 57,249 be amalgamated with the balance of the Cyclone Relief Fund, thus to form a Central Relief Fund, under his trusteeship, which will serve to relieve distress in the event of similar widespread calamities occurring in the future.

DISTRICT BOARDS CONFERENCE.

GOVERNOR'S SPEECH.

TRIBUTE TO SIR S. BANNERJEE.

(ASSOCIATED PRESS.)

CALCUTTA, Jan. 13.

The second annual Conference of the District Boards which was inaugurated by Lord Ronaldshay last year met at Government House to-day. The Governor in opening the Conference, after welcoming the delegates, reviewed the proceedings of the last conference which he said had been fruitful of results of practical value. This year the Government submitted for discussion matters upon which they had been concentrating their attention for some time past. Two main questions were progress in matter of public health and expansion of primary education in rural areas. The rest of programme was mainly devoted to the consideration of increasing financial resources of the District Boards since one most formidable obstacle to progress in sanitation and education was lack of funds. The Governor pointed out that owing to the constitutional changes education and public health were no longer in the hands of what had become known as the official half of Government but were now in the hands of Ministers responsible to the Legislative Council. It was, therefore, for the Ministers and not for him to fomulate the policy to be adopted on these subjects. Government had however placed certain tentative proposals before the Conference which he was confident Ministers would scrutinize and consider carefully together with the opinion of the Conference. In shaping a policy they eventually decided to pursue th educational scheme which Gocvernment put forward might be likened to an education staircase with landings at definite stages at which a child might alight and round off his education with the final course suitable to his attainments and position in life.

The proposals in regard to public health included a vast scheme of antimalaria, irrigation and drainage schemes, campaign against hookworm and popularisation of vaccination. A draft Bill for giving the central and local authorities power to give effect to measures considered desirable in the interests of health of the people would also be submitted to the conference.

"In any case I regard the presence of Sir Surendra Nath Banerjea and his colleagues Mr. P. C. Mitter and Nawab Syed Nawab Ali Chaudhuri as ministers as landmark of historic significance in the life of Bengal and I offer to them my sincere good wishes and such support as it may be in my power to render them in the task which lies before them."

CONCEPTION OF DUTY TO MOTHERLAND.

The Governor then asked Sir Surendranath Bannerjea to preside over the Conference and took opportunity of publicly expressing his satisfaction that it was to so eminent and public spirited a leader that he handed over the portfolio which the Governor himself held for four years.

The Governor added, "Gentlemen there is nothing so easy as to adopt the role of a critic and it is a role which possesses a perfectly irresistible fascination for some minds and which grows and grows upon them until it becomes an obsession and they gradually hypnotize themselves into the belief that nothing good can come from Government. It is indeed a matter for profound regret that this should be so because it must always be a grave loss to the country when any portion of its people devotes its ability and energy to the work of destruction rather than to concerted constructive action. It would no doubt have been much easier for Sir Surendra Nath Bannerjea and his colleagues in ministry to have thrown in their lot with the destroyers. By so doing they might no doubt have gained some cheap ephemeral applause. But their idea of their duty to their motherland has been a different one. They have preferred to pursue a much more difficult and much more arduous task of undertaking constructive work for their country. I have no doubt whatsoever of the view which members of this Conference take of their decision. I have equally little doubt that that view will also be the verdict of posterity and while I regret profoundly, that leading men of Bengal have not been unanimous in their support of efforts of Parliament of Great Britain to establish first national Government in Bengal since the days when the East India Company assumed control of administration I should still welcome above everything the cooperation of all in what I believe to be a constructive step of immense import to the future of Bengal yet."

The Conference then proceeded to discuss the subjects on the agenda.

GOVT. PROMISE OF ENQUIRY.

(ASSOCIATED PRESS.)

ALLAHABAD, Jan. 13.

A press communique says with reference to the suggestion that an enquiry should be held into relations between landlords and tenants in Oudh, "The Government is already in possession of full information and has already decided to take up the question with a view to early legislation."

Expectant and Nursing Mothers
